Our Journey with NGI

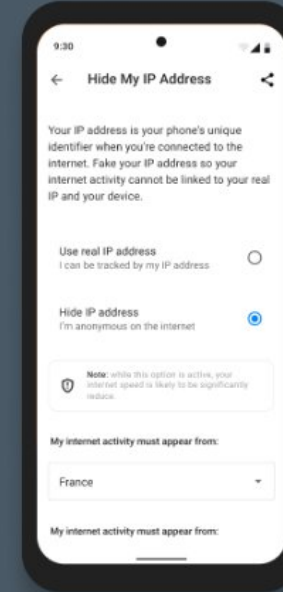

- **NGI Ledger:** Participation in NGI Ledger to champion projects focusing on privacy by design, openness, and data sovereignty. Development of the 'Advanced Privacy' module for /e/OS.
- **NGI DAPSI:** Participation for data portability and interoperability. Upgraded encryption of our cloud to E2E encryption for specific components.
- **NGI Search:** Current participation to improve search functionalities focusing on open-source, privacy, and collaboration. Integration of the best LLM into /e/OS.
